MAKING POND & LAKE WEEDS DISAPPEAR SINCE 1977

Dear Valued Customer

We are pleased to offer a variety of effective products to control your aquatic weeds and algae. Choosing Lake Restoration means choosing a company with more than 45 years of experience. With experience comes knowledge, and we combine this with up-to-date technology and techniques to ensure the best quality products and services. From backyard ponds to lake shores to entire lakes, we will help you rid the unsightly weeds so you can enjoy your water to the fullest degree.

Our Lake Restoration products include [herbicides](#), [algaecides](#), [nutrient reducers](#), and [mechanical products](#) to control your weeds and algae. Our aquatic plant management experts carry a depth of knowledge to help you select the best products for your specific situation. From weed identification to product recommendations and tips, our experts will guide you to beautiful water. Call or email us to get started on your treatment plan so you can make sweet memories on a gorgeous pond or lake shore!

Sincerely,
Your Lake Restoration Team

Why Choose Us

PROVEN PRODUCTS

We only sell products that we have experience using ourselves. We know these products will improve your water if used correctly. Our products are EPA approved and can be used safely with no swimming or fishing restrictions.

PRODUCT GUARANTEE

We guarantee all EPA registered products we sell will control the target plant or algae when label guidelines regarding application rates and timing are followed.

EXCELLENT SERVICE

Work with our aquatic experts to understand how to select, measure, and use our products to safely give your pond or dock and swim area what it needs, when it needs it!

PLANT IDENTIFICATION HELP

Use our [Aquatic Plant ID](#) tool on our website to identify your plant and immediately see the best solution to your aquatic weed problems. Need additional help? See pages [1](#) and [2](#).

Pond & Lake Services

Let us treat your pond or lake shore!

For waters located in the greater Minneapolis - St. Paul metro area.

Pond Maintenance Programs:

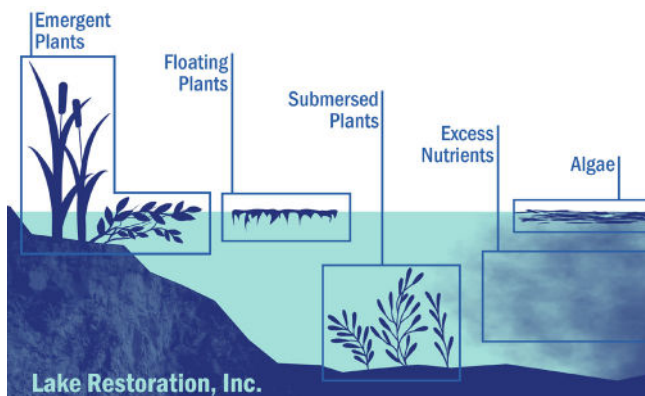

Our trained pond managers treat nuisance plant growth and pond odors every 3-5 weeks.

Lake Shore Treatment Program:

We offer full-service lake shore treatments of weeds, algae, and muck! We handle everything: obtain your permit from the DNR, apply a powerful combination of products for the best results, and provide a report on the plants present and the products used.

Proper plant identification is essential!

It is important to identify your weeds correctly so you get the right tool for the job. The dosing should also be calculated correctly, as the two main reasons for product failure are misidentification or inaccurate measurements of the treatment area.

WATERMEAL

Watermeal is often confused as duckweed. Correct identification can help save time and money when treating.

Pond Treatment Products

POND TREATMENT PRODUCTS

This combination of products is the **complete solution** for any pond. Save money and headache when you buy these products together.

Our pond products are designed to give your pond the healthy and beautiful look it was intended to have. Use the herbicide and algaecide to kill nuisance plants, the nutrient reducer to clear the water and reduce odors, and finish with the pond dye to maintain a beautiful, clear, and healthy pond.

For optimal health, we recommend that you treat your pond multiple times per season. Keep your water looking great all season long!

A Lake Restoration, Inc. product

Pond Weed Killer

SEMERA® AND FLUMIGARD®★★★★★

Semera and Flumigard are fast acting herbicides that provide excellent control of the most aquatic plants.

- Fast acting
- Kills floating plants in as little as 1-3 days
- Controls submersed plants in 14-21 days
- Dissolve, mix, and spray
- Only products available to control watermeal
- Must be applied thoroughly where the plants are actively growing

| | | |
|----------------------|-----------------------|----------|
| Semera 8 oz. | Tresta up to 1/2 acre | \$74.00 |
| Semera 1 lb. | Treats up to 1 acre | \$115.00 |
| Flumigard 5 lbs. | Treats up to 5 acres | \$349.00 |
| Flumigard 1/2 gallon | Treats up to 4 acres | \$239.00 |
| Flumigard 1 gallon | Treats up to 8 acres | \$449.00 |

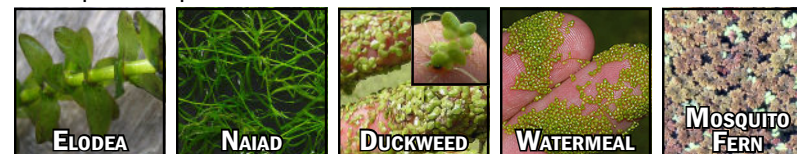

Watermeal & Duckweed Killer

WATERMEAL POND PRODUCTS★★★★★

Watermeal is a challenge to control and can easily double in days. Control many floating weeds, submerged weeds, and algae.

Examples of plants controlled:

| | |
|----------|----------|
| 1/2 acre | \$240.00 |
| 1 acre | \$417.00 |

SEMERA® & SURFACTANT

Semera is a fast acting herbicide that provides excellent control of the most aquatic plants. Mix with a surfactant to get back control of your pond.

MIZZEN®

Mizzen is our #1 seller in cost effective algaecides and offers the best control for algae.

SPARKLEAR®

SparKlear clears up the water by digesting the excess nutrients and dead organic sludge.

DEEP BLUE DYE

Pond dye gives your pond a naturally beautiful blue look, while also blocking sunlight.

Save time, effort, and money when you buy our watermeal products together.

Pond Algae Control

MIZZEN®

Mizzen is our **#1** seller in cost effective algaecides and offers the best control for all algae in ponds, around docks, and in water features.

- Copper algaecide
- Mix and spray liquid
- Fast acting
- Results in just 1-7 days
- No irrigation restrictions
- Can be mixed with [Dibrox](#) in a sprayer
- Not recommended in ponds with trout, koi, or channel catfish. [See next page](#)

| | | |
|------------|-----------------------------|------------|
| 1 pint | Treats up to 2,500 sq. ft. | \$25.00 |
| 1 quart | Treats up to 5,000 sq. ft. | \$30.00 |
| 1/2 gallon | Treats up to 10,000 sq. ft. | \$37.00 |
| 1 gallon | Treats up to 1/2 acre | \$44.00 |
| 8 gallons | Treats up to 4 acres | \$336.00 |
| 16 gallons | Treats up to 8 acres | \$640.00 |
| 32 gallons | Treats up to 16 acres | \$1,216.00 |

Examples of algae controlled:

Copper algaecides are generally the most cost effective and offer the best control. Copper algaecides are not recommended in ponds with trout, koi, or channel catfish. If any of these fish are present, please [see the next page](#).

Manufactured by Lake Restoration, Inc.

CAPE FURL®★★★★★

Cape Furl is a fish safe algaecide that goes to work fast, noticeably bubbling and discoloring algae soon after contact.

- Sodium carbonate algaecide
- Easy to apply: broadcast fine granules
- Fast acting, works on contact
- Results in minutes
- No irrigation restrictions
- Can be used in any moist applications such as algae on rocks, decks, etc.
- Use within a year of purchase

| | | |
|----------|-----------------------------|----------|
| 1 lb. | Treats up to 1,000 sq. ft. | \$13.99 |
| 2.5 lbs. | Treats up to 2,500 sq. ft. | \$16.99 |
| 10 lbs. | Treats up to 10,000 sq. ft. | \$44.99 |
| 20 lbs. | Treats up to 1/2 acre | \$82.99 |
| 40 lbs. | Treats up to 1 acre | \$133.99 |

Examples of algae controlled:

Sodium carbonate algaecides should be used when trout, koi, or channel catfish are present.

A Lake Restoration, Inc. product

Proactive Pond Products

Restore your pond's health and clear the water by reducing the nutrients that enable weeds to grow. Use SparkKlear and PhosControl for the best results.

SPARKLEAR®★★★★★

SparkKlear clears up the water by digesting the excess nutrients and dead organic sludge.

- Easy to apply: liquid or pellets
- Bacteria goes to work for 14-30 days
- Use within a year of purchase (recommended)
- Fast acting
- Removes odors
- No irrigation restrictions

| | | |
|----------|-----------------------------|----------|
| 1 lb. | Covers up to 5,000 sq. ft. | \$25.00 |
| 10 lbs. | Covers up to 1 acre | \$123.00 |
| 40 lbs. | Covers up to 4 acres | \$355.00 |
| 1 pint | Covers up to 2,500 sq. ft. | \$23.50 |
| 1 quart | Covers up to 5,000 sq. ft. | \$37.25 |
| 1/2 gal. | Covers up to 10,000 sq. ft. | \$55.99 |
| 1 gal. | Covers up to 1/2 acre | \$83.00 |

★★★★★PHOSCONTROL®

PhosControl is a valuable tool for locking up phosphorus in your water to make it unavailable for plant and algae growth.

- Broadcast granules or spread evenly after mixing and agitating in water
- Improves water clarity within 24 hours
- Binds to the free phosphorus
- 1 lb. of phosphorus can support 500 lbs. of algae
- Use as a proactive effort for pond algae reduction
- Best used on open water with minimal plant growth

| | | |
|---------|----------------------------|----------|
| 1 lb. | Covers up to 2,000 sq. ft. | \$19.99 |
| 10 lbs. | Covers up to 1/2 acre | \$42.00 |
| 40 lbs. | Covers up to 2 acres | \$103.00 |

Products also available in 5 lbs., 20 lbs., 30 lbs.
Lake Restoration, Inc. products

- Keeps water cooler
- Safe, food grade dye
- No irrigation restrictions

Pond dyes give your pond a naturally beautiful look, while also blocking sunlight.

- Results in hours
- Easy to apply: pour in directly or toss packet

SAPPHIRE BAY®★★★★★

Sapphire Bay is our premium dye. This gorgeous Caribbean blue color adds a natural beauty.

| | | |
|-----------|-----------------------|----------|
| 1 gallon | Covers up to 1 acre | \$45.00 |
| 4 gallons | Covers up to 4 acres | \$176.00 |

Lake Restoration, Inc. products

Lake Treatment Products

DOCK & SWIM AREA PRODUCTS★★★★★

Our dock area products effectively control submerged weeds and algae. They will also improve recreation and swim areas so you can get the most out of your lakefront.

Our lake products are designed to give your lake shore the healthy and beautiful look it was intended to have. Use the herbicide and algaecide to kill nuisance plants and MuckMaid to eat the inches of muck on the bottom.

The best granular option for your dock and swimming area! Save \$ when you buy both!

For the best results, we recommend that you treat your dock and swim area multiple times per season. Keep your water looking great all season long!

| | |
|-----------------------|----------|
| Liquid 6,000 sq. ft. | \$145.00 |
| Liquid 12,000 sq. ft. | \$242.00 |
| Liquid 24,000 sq. ft. | \$375.00 |

| | |
|------------------------|----------|
| Granular 4,000 sq. ft. | \$220.00 |
| Granular 8,000 sq. ft. | \$385.00 |

Two versions to choose from! [Liquid control](#) or [granular control](#).

DOCK & SWIM AREA PRODUCTS

PRODUCT GUARANTEE

Lake Restoration, Inc. guarantees the EPA registered products we sell will kill weeds or algae listed on the labels when products are used according to label specifications. Lake Restoration, Inc. reserves the right to modify our guarantee at any time without prior notice.

WARRANTY

Please contact us regarding needed repairs using our [Repair Service Request Form](#).

DAMAGES

Please inspect the packaging of your items when they arrive. If your items arrived damaged please email photos to LRmail@LakeRestoration.com.

RETURNS

Unopened and/or unused products returned within 60 days may be refunded after obtaining return authorization by submitting our [Return Request Form](#). All returns are subject to approval and must meet appropriate criteria prior to processing. All returns must be in brand new condition and in their original packaging. Lake Restoration, Inc., reserves the right to decline any returns made more than 60 days after the original purchase.
